

3kva solar panel Uganda

Equipped with a 2.2kW solar panel setup, a 10kWh battery capacity, and a 3kVA hybrid inverter, this system ensures reliable, eco-friendly energy that reduces reliance on grid electricity. This hybrid solar system seamlessly integrates solar energy with grid power, automatically switching between them to maintain an uninterrupted power supply.

The Kweli 2.2kW hybrid solar system combines a powerful 10kWh LiFePo4 (Lithium) battery bank with a 3kVA power inverter, providing reliable solar energy and backup power for your home or business. This complete system ensures seamless energy supply, reducing dependence on the grid while efficiently powering essential devices and appliances.

Browse and buy Complete Solar Systems in Uganda and enjoy free delivery in 24 hours. Kweli.shop is a trusted source of genuine appliances, and solar equipment in Uganda & south sudan

Sunbox Energy is designed to meet your power needs today, with the flexibility to adapt as your needs change. If you're looking for a reliable solar energy system made to fit your existing and future needs, Sunbox is the right and only solar choice.

Solar panels, also known as photovoltaic systems (PV systems), use semiconductor technology to convert energy from sunlight into electricity that can power your household. But, are they the right solution for your home?
