

All about solar Belgium

Why should you install solar panels in Belgium?

With enough solar panels, you will be significantly less dependent on your energy provider and are able to use completely green electricity. Solar panels can also help you with lowering your energy bills. There are two different types of solar panels in Belgium you can install: What Are Solar Thermal Panels?

How many solar panels are installed in Belgium in 2022?

According to the Belgian energy association, Energie Commune, the country installed 1.8GW of new solar capacity last year, breaking the record for annual installations set in 2022 with 1.3GW of capacity and pushing the country's total operating solar portfolio to 9.9GW.

How much solar power does Belgium have?

Belgium had 4,254 MW of solar power generating 3,563 GWh of electricity in 2018. In 2015 PV solar power accounted for around 4% of Belgium's total electricity demand, the 4th highest penetration figure in the world, although the country is some way behind the leaders Germany, Italy and Greece at between 7% and 8% of electricity demand.

Does Belgium have a solar industry?

In recent years, Belgium's solar industry has seen continuous growth in operational capacity. According to data from Energie Commune, Belgium's operational solar capacity has increased annually since 2020. Between 2017 and 2018, annual solar capacity grew by 23%, followed by a 20.7% increase from 2019 to 2020.

How many buildings in Belgium have solar panels?

The total now exceeds 1 million buildings equipped with solar panels in Belgium. The 2024.06 release incorporates the most recent and precise data available, enhancing Belmap's reliability for all users. Additionally, Belmap uses information from all previous years in its solar panel data modules.

Where can I install solar panels in Belgium?

For the installation of solar panels on the ground, on a protected building or in other regulated cases, you will have to contact your municipality. There are several companies active in Belgium that install solar panels.
