Altex Energy Ltd. Employee Directory Truck Transportation Alberta, Canada 51-200 Employees. Altex is a rail terminal and logistics company. Working closely with Canadian National Railway, we pioneered the idea of moving Western Canadian produced heavy oil and bitumen to market in railcars without adding expensive and volatile condensate.

The chart shows that undiluted shipments of bitumen or heavy oil by rail is very competitive with pipelines being 12% to 31% less for rail versus committed pipelines. However, when diluent is added rail becomes uncompetitive. Comparing the diluted versus undiluted costs shows the very large negative impact the "diluent penalty" has on costs regardless of mode of transport.
