Galp and Northvolt have agreed to set up a joint company, Aurora, that aims to become a steppingstone for the development of an integrated lithium-battery value-chain aligned with Portuguese and European ambitions.

Aurora Battery Replacement Using a #1 Phillips head screwdriver, loosen the screw in the battery door. Unscrew just enough that the battery door comes loose but the screw remains attached. Place a rubber band between your finger and the battery to improve your grip. Stick a piece of scotch tape to the battery and pull to remove.
