

Azwaw solar energy Seychelles

Who is energy solutions Seychelles?

Welcome to Energy Solutions Seychelles - Leading solar energy company in the Seychelles We supply and install high quality solar energy systems and solar hot water products in the Seychelles. Our aim is to provide reliable technologies including photovoltaic panels and dependable installation service. Why Choose Us Most experienced

Why choose Seychelles solar energy?

Local Seychelles experience Mahe, Praslin, La Digue and outer islands Certified by Seychelles Energy Commission Approved by PUC Technical staff qualified in solar energy & energy efficiency Quality renewable energy products Warranty & Certification Best price Optimal performance Best return on investment Solar Energy PV Systems

Why do Seychelles have high power costs?

Like many other small island developing states (SIDS), Seychelles faces extremely high and fluctuating power costs resulting from dependency on mineral oil products for power generation and fuel for transportation.

What is a people-centred energy transition in Seychelles?

An exciting people-centred energy transition is underway in Seychelles, an archipelago of 115 islands off East Africa in the Indian Ocean. Spearheaded by the Seychelles Energy Commission, the PV democratisation 2.0 project is the recipient of the Climate Investment Platform's Thomas Jensen Energy Transition Award.

How does UNDP support the Seychelles Energy Commission?

Through the Climate Investment Platform, UNDP is supporting the Seychelles Energy Commission's initiative to make the adoption of renewable energy accessible to the population that would otherwise not be able to afford to do so.

What is the Seychelles energy plan?

It targets an ambitious transformation and diversification of the Seychelles' currently 85 MW diesel-dominated electricity generation capacity (on Mahé, Praslin and La Digue), aiming at replacing diesel generators with domestic and international public and private financing.
