

Bahrain outdoor network cabinets

What are outdoor server cabinets?

The outdoor server cabinets range provide a high quality solution for protecting your telecoms and industrial equipment from the indoor or outdoor elements, optional sizes from 12U to 42U. In addition, these can be wall-mounted, saving space and also highly affordable.

Are outdoor server cabinets waterproof?

The "waterproof outdoor server racks and cabinets safeguard your sensitive electronics in outdoor environments and ensure they function smoothly and reliably. Our outdoor server cabinets are built to withstand everything, from rain and snow to dust and hot sun. They're even tough enough to resist vandalism.

How does the outdoor server rack cabinet work?

The cabinet design allows natural wind cooling through filtered vents on the front door and venting under the lip of rain hood. The outdoor server rack cabinet comes 2 or 4 fans with a dust-proof cover located at the top of the cabinet for greater airflow/cooling.

What is remote accessibility in outdoor server cabinets?

Remote Accessibility Outdoor server cabinets are often designed with features that enable remote monitoring and management. This capability allows IT professionals to access and control equipment from a distance, facilitating proactive maintenance and troubleshooting without the need for physical presence.
