YADA actively responds to the call of the state, in various fields such as international shipping and ocean engineering, facing the direction of green and low-carbon development, actively layouts ...

YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

FULL CHAIN MANUFACTURING, SEIKO QUALITY YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

YADA quality testing center covers an area of over 600 square meters. The testing center has fully equipped desktop spectrometer imported from the United States, PMI detector imported from the United States, metallographic microscope imported from Japan, ferrite tester imported from Germany, X-ray flaw detector imported from Germany, eddy current flaw detector, ultrasonic ...

FULL CHAIN MANUFACTURING, SEIKO QUALITY YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, ...

With the vision of becoming the leader of green marine pipeline equipment integration solutions, in order to maximize customer benefits, YADA is committed to developing upmarket equipment ...

YADA can provide customers with low pressure and high pressure gas ventilation double wall pipe, positive pressure Nitrogen filed double wall pipe vacuum insulation double wall pipe and related products and solutions. At the same time, YADA takes a leading position in China in the field of double wall pipe design, product specifications, vessel ...

The Leader of Green Ship Pipeline Equipment Integration Solutions. Yada Green Energy Solutions Co., Ltd. was established in 1993, provides full lifecycle services to customers from principle design, Stress analysis, detail design, components manufacturing, spool prefabrication, skids integration, installation, safety monitoring, operation and maintenance.

YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped ...

FAITHFUL YADA. YADA was established in 1993, after 30 years of continuous cultivation and exploration, gradually improve the manufacturing capacity of the whole industry chain from primary manufacturing to quaternary manufacturing, and become a leader in integrated solutions for green marine pipeline equipment, achieving mutual benefits for all levels.

YADA has the manufacturing strength of the whole industry chain and the quality management system of the whole process. YADA products are delivered to global customers with seiko quality. YADA products have successively served tens of thousands of projects in the field of clean energy such as high-end ships and ocean engineering.

YADA is one of the first domestic enterprises to provide gas carrier related services, and now has the ability to provide the overall solution service for gas carrier. In the service history of more ...
