If you're looking to install solar panels and a solar battery, new Smart Export Guarantee (SEG) tariffs mean that energy firms will pay you for any excess renewable electricity you have generated and export to the grid. All suppliers ...

The lower-end prices tend to be for a battery pack only (cells plus battery management system). Higher-end prices often mean that the battery system has a built-in battery inverter and other integrated components as well. When getting quotes, make sure it's clear whether the cost of a new inverter and extra electrical work are factored in.

*whichever occurs first. Powervault 3. Powervault is a UK-based company with a mission to lower people's electricity bills and carbon footprints. Their most popular solar battery is the Powervault 3, and for good reason too. One of the main selling points of the Powervault 3 is that it is installed as an AC-coupled system directly into the electrical supply on your home's fuse box.
