

Belize storage for solar panels

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Who installs the Orange Gallery Solar System?

We (The Orange Gallery) were the first official grid-tied system in Belize. Our system was installed by SESB and we have been powering our operations with free energy from the Sun for a few years now. We love it and are happy to recommend SESB!" Which solar system is right for me?

Is a grid-tie Solar System a viable option?

If your monthly electricity bill exceeds BZD 500 and your energy consumption is mostly during the day, then adding a grid-tie solar system with or without battery back-up is more economically viable than going completely solar off-grid. Will my grid-tie solar system stay on during a grid outage?

Sun's Electric, with over 18 years experience offers design, installation, monitoring, maintenance, and repair of grid tied and off grid solar electric systems by a licensed electrician. One of the only solar companies in Belize who offers quality with experience.

As a total company, we advise, plan and install photovoltaic systems and provide solutions for storage systems, charging stations for e-mobility and other optimization options (emergency power supply, self-consumption optimization, etc.).

Tesla Powerwall is a fully-integrated AC battery system for residential or light commercial use. Its rechargeable lithium-ion battery pack provides energy storage for solar self-consumption, time-based control, and backup.

Solar Panels: Convert sunlight into direct current (DC) electricity. Inverter: Converts the DC electricity generated by the solar panels into alternating current (AC) electricity, which can be used by household appliances. Battery Bank: Stores excess DC electricity for use during grid outages or at night.
