

Bermuda ventas de panel solar

At AES, our tailored residential solar solutions bring the benefits of solar energy to homeowners by reducing your electricity costs and promoting energy independence. We are confident in our ability to design and install a system to meet the energy goals of each individual client we serve.

The energy is generated directly from sunlight using specially built solar photovoltaic systems that constitute an inverter, mounting frame, cable and solar photovoltaic panels. The growing number of people embracing solar power in Bermuda and other countries are enticed by the many benefits it offers.
