

Can a paternoster be used with open-fronted storage containers?

The paternoster can be used with open-fronted storage containers to efficiently handle small parts via small parts containers, for example. They can be stored loose and without packaging. Important: A paternoster storage system as a circulating storage system cannot be extended at will. This is due to the rigid outer shell.

Is Bouvet Island a biotic exchange Island?

Especially worth mentioning is the island chain of the Scotia Arc, which via the West Wind Drift and a system of eddies is continuing to support to some extent the biotic exchange between areas north and south of the Polar Front. What is a paternoster storage system (PNL)?

The paternoster storage system (PNL): A vertical carousel for maximum performance in a limited space. A circulating storage system in the form of a paternoster is particularly popular for small parts warehouses, as the advantages are obvious. On the one hand, space can be optimally utilized by building "upwards";.

How did Bouvet Island become a dependency?

Important: a paternoster storage system as a carousel storage system cannot be extended at will. This is due to the rigid outer shell. However, the inner workings of the storage system can be optimized, for example to increase picking performance on the basis of a higher circulation speed.

Hänel has been manufacturing storage carousels based on the Ferris wheel principle since 1957. These storage carousels represent an innovation that eventually led to the rapid growth and success of Hänel Office and Industrial Storage Systems as one of the world's leading manufacturers of automated storage solutions.

Vertical paternoster racking systems function according to the circulation principle. Like a carousel, the items rotate towards the service opening, where they can be conveniently and safely removed by the operator. They can be tailored to your needs and enable high-density storage, be it in production or in the warehouse.

At that point, the island was given its current name of Bouvet Island ("Bouvetøya" in Norwegian). [6] In 1930, following resolution of a dispute with the United Kingdom over claiming rights, it was declared a Norwegian dependency. In 1971, it was designated a nature reserve.
