Who is ematrix energy systems?

eMatrix Energy Systems, Inc. | 877 followers on LinkedIn. Our mission is to supply everybody, everywhere with custom batteries to power any project. eMatrix's unique combination of patented designs, efficient manufacturing, and an agile engineering team allows us to easily and affordably adapt our products to each customer's needs.

What can ematrix do for You?

eMatrix offers plug-and-play battery hardware and software solutions designed to save you time and resources on development and manufacturing. Our highly modular battery systems allow you to rapidly modify products and customize them to meet your specific needs.

What are ematrix battery pack systems?

eMatrix's modular battery pack systems feature a unique pack design easily assembled to scale to customer needs, uses standard battery cells and are controlled with a unique Battery Management System designed to optimize thermal performance. The resultant system is scalable, flexible, lower cost and drives better efficiency in performance.

Why is ematrix partnering with Linamar?

"We are excited for the scale and manufacturing expertise that Linamar brings to this alliance," said Idan Kovent, President and CEO of eMatrix. "We have developed a groundbreaking energy storage system that is easier to modify and scale, so it fits an exceptionally wide range of potential applications."

Who is ematrix & Linamar?

GUELPH, ON, Sept. 28, 2021 /PRNewswire/ - Linamar Corporation (TSX: LNR) today announced that it has entered into an exclusive Manufacturing and Licensing Agreement with Michigan-based eMatrix Energy Systems, Inc. to gain access to leading modular battery pack technology.

Harry Director of Manufacturing Harry is a qualified engineering professional with a Bachelor of Mechanical Engineering (Honors) degree from Monash University in Melbourne, Australia.
