

# Chint Solar Photovoltaic Panel Contract

Does Chint still make solar panels?

CHINT is a big company -- as in billions of dollars of revenue each year big. It's also diversified, which means they do more than just make solar panels. Hopefully, this increases their odds of still being around in the future to honor their solar panel warranties. The company was founded in 1984 and has around 30,000 employees.

Who is Chint solar?

Chint Solar is a leading player active in project development, financing, realization and operation of solar parks.

Will Chint solar build a 329mwp power plant in Europe?

Chinese panel maker Chint Solar has revealed plans by Danish PV developer BeGreen A/S to develop a near-329MWp of generation capacity in the northern European nation.

Who is supplying Solar panels in China?

Longi, Trina and Risen secured solar module supply deals in a tender held by the China National Nuclear Corp. Furthermore, Xinte, Flat Glass and Chint won contracts to supply polysilicon, glass and wafers, respectively.

Who are China's preferred solar module providers?

China National Nuclear Corp. (CNNC), one of China's largest state-owned energy groups, announced on Wednesday that Longi, Trina and Risen were selected as preferred module providers for its most recent procurement round. CNNC held 11 different tenders for a total solar module capacity of 1.31 GW.

How many solar parks does Chint have in the Netherlands?

Chint has already built three solar parks with a combined capacity of 152 MW in the Netherlands. This content is protected by copyright and may not be reused.
