If you'll be connecting your system to your utility company's grid, you're in for even greater solar panel savings. That's because the energy from the sun generally yields more power than you'll be able to use on a daily basis, and that excess energy can be stored in your grid for use elsewhere.

Etheras Energy is the residential solar contractor based in Nicosia. We are proud to power Cyprus, a state that continues to lead the nation in solar installations. We provide superior products, exceptional customer service, and the highest quality workmanship.
