What is Aggreko ETS?

Aggreko ETS is a partnership between Aggreko and Farmers Powering Communities to accelerate community solar projects and drive the energy transition in America. Aggreko will provide a mix of technologies including solar, battery and B100 biofuel as the main sources of energy for the event, enabling nearly 10,680L of fossil fuel savings.

Who is Aggreko?

Aggreko is a global leader in providing energy solutions that help businesses grow and communities thrive. Operating in a rapidly changing energy market where reliable supplies of energy have never been more critical, we provide customers with power and temperature control solutions when, where and for however long they need it.

What makes Aggreko ETS different from Infiniti?

Jerry Polacek, President of Aggreko ETS, commented, "Combining the global scale, financial strength, and industry expertise of Aggreko with Infiniti's distributed solar development and engineering, procurement and construction ("EPC") capabilities uniquely positions us to deliver turnkey decarbonization solutions to our customers."

Why did Infiniti acquire Aggreko?

This strategic acquisition significantly expands Aggreko's distributed solar capabilities and asset base, by integrating Infiniti's expertise in solar design, engineering, procurement and construction (EPC), together with its pipeline of onsite decarbonization projects.

In November 2023, Aggreko Energy Transition Solutions (AETS) significantly expanded its renewable energy portfolio by acquiring nine community solar projects in New York State. Visit [Case Study](#).
