

Why have solar panels been installed in St Martin's Parish Hall?

St Martin's Parish Hall and its adjoining outside toilet block have had solar panels installed as part of a push to move away from using electricity from the grid, officials said. The installation formed part of ongoing refurbishment projects across the parish and was the first of its kind on the island, they added.

Will St Martin be the first parish to commit to solar power?

In a joint statement, they said: "We felt it was our responsibility to reduce our carbon footprint and this is a great day for St Martin to be the first parish to commit to solar power and to do our little bit for the environment." It comes as works are ongoing to refurbish the hall, meeting room, library and offices.

Why did St Martin get a new tax meter?

The installation formed part of ongoing refurbishment projects across the parish and was the first of its kind on the island, they added. St Martin constables said the change would also work towards "reducing rates" for taxpayers.

Welcome to Solar Energy Caribbean! Specializing in Grid-tied and Off-Grid solar PV systems with battery storage for Residential and Commercial properties in Sint Maarten NV, Saint Martin ...
