

Who sells Electrolux solar modules in Sweden?

19.10.2022 - Solar Solutions Group, official provider of Electrolux solar modules under license from AB Electrolux, is glad to announce the expansion of the sales network of Electrolux premium solar modules to the Swedish market, and our partnership with APRILICE AB as official distributor for Electrolux solar modules in Sweden.

Are solar PV systems a viable option for self-consumption in Sweden?

Furthermore, the soaring electricity prices in Sweden have incentivized the installation of solar PV systems for self-consumption. This trend is expected to drive the demand for solar energy, providing ample opportunities for companies operating in this sector.

Who is building Sweden's largest solar farm?

Solkompaniet and Bouygues Energies & Services are building Sweden's first truly large-scale solar farm on behalf of Neoen and Alight at Hultsfred airport. Solkompaniet and Bouygues Energies & Services, a subsidiary of Equans, entered in a collaboration in August 2023 through a Joint Venture to build Sweden's largest solar farm together.

Why should we build a solar farm in Sweden?

"We look forward to contributing to this breakthrough in Swedish solar power. The size of the solar farm will be on par with large solar farms in Europe. Building truly large-scale solar farms is the most efficient way to quickly increase the share of inexpensive renewable electricity in Sweden's energy mix.

Why are solar PV systems becoming more popular in Sweden?

Several large utility-scale projects are being developed by private entities, further propelling the market's expansion. Furthermore, the soaring electricity prices in Sweden have incentivized the installation of solar PV systems for self-consumption.

Who owns a solar farm in Hultsfred?

With 100 MW on 136 hectares, the solar farm in Hultsfred will be the largest completed parks in Sweden to date. Neoen and Alight own and develop the solar farm which will supply the H&M group with renewable electricity through a power purchase agreement (PPA). "We look forward to contributing to this breakthrough in Swedish solar power.
