Eltec solar Cameroon

is a mainstay for products created at Marshall's Electrotechnics Corporation (ELTEC), 1310 Commerce St., which manufactures a variety of traffic systems. "We have been working with solar for 20 years. In 2000, we probably sold 100 systems compared ...

Our Solutions We help our customers build the most competitive products in their industries. We are ISO 9001, ISO 14001, and ISO/TS 16949 certified, preferred suppliers of renowned companies, and ready to deliver. Automotive Complete cable systems and wire harnesses for passenger, commercial, industrial, and special-purpose vehicles with any fuel type.

Superefficient DC Controller for Solar Powered Traffic Applications. ELTEC's state-of-the-art traffic controller and conflict monitor, the Mikros EIC offers the lowest power consumption in the industry, making stand-alone solar-powered traffic signals a reality. For hybrid beacon systems (like PHB (Pedestrian Hybrid Beacon) pedestrian crosswalks and Emergency Vehicle Hybrid ...

ELTEC's Pedestrian Crossing System is designed to alert approaching motorists that a crosswalk is occupied. ELTEC's Pedestrian Crossing System may be integrated for AC or solar power. All ELTEC solar powered systems never dim any signal during the day, maintaining the beacon's effectiveness and the warning system's integrity.

ELTEC, in business for over 40 years, is known for programmable time clocks (NTC-17E). Over 10 years ago, ELTEC entered into solar powered systems supporting the traffic industry. As applications for solar power grew so has ELTEC's product offering. Some solar powered pedestrian crossings required supplemental lighting.
