

Will Sol energize St. Maarten?

Sol, the Caribbean's leading provider of petroleum-based energy solutions, has taken a major step towards energizing St. Maarten.

What actions is Sol taking in St Maarten?

Sol is exploring initiatives in St. Maarten to lower the carbon footprint through renewable energy and Liquefied Natural Gas (LNG). The company views the island's otherwise untapped low carbon and renewable energy industry with optimism for the future.

How much money has Sol invested in St Maarten?

Sol has invested over US\$22M into the St. Maarten economy during the past five years. The company projects an additional capital investment of approximately US\$34M.

What does Sol St Maarten's acquisition mean for consumers?

According to Robert James, General Manager of Sol St. Maarten, the acquisition unlocks opportunities for synergies and efficiencies across the business, enabling Sol's teams to focus on delivering safe, reliable products and services to a wider base of consumers in St. Maarten.

Energy equipment firm Dynaf and energy solutions provider Sol will present options for a greener St. Maarten to NGOs, companies and government officials visiting at the St. Maarten Innovations, Initiatives & Industries Link-Up Event (SMILE) on 25th and 26th of March. The joint vision to be
