What is EP Cube?

EP Cube is a flexible and intelligent residential energy storage system intended for smart management of solar power generation and residential electricity consumption. Easy to install, the device is available for remote control, with energy capacity at your discretion. Small in size, it is safe and reliable.

What residential storage solutions does Canadian Solar offer?

Discover Canadian Solar's Residential Storage Solutions: EP Cube and EP Cube Lite. Discover Canadian Solar's Residential Storage Solutions: EP Cube and EP Cube Lite Join Canadian Solar for an in-depth exploration of their residential storage solutions, EP Cube and EP Cube Lite.

How much energy does the EP Cube consume?

consumption.. Easy to install and small in size, the EP Cube is safe and reliable and comes with remote control for managing energy capacity at your discretion. Modular battery system makes transport and installation easy. Capacity options from 6.6 kWh to 19.9 kWh.

Does EP Cube have a minimum SoC?

EP Cube will maintain a minimum SOC of 15% during off-grid operation. Performance may be de-rated at extreme operating temperatures. Refer to the installation manual and follow the storage requirements and guidelines. Being developed, available in 2024. Battery capacity warranty up to 10 years or 6000 cycles, (whichever occurs first).

Does EP Cube have a warranty?

EP Cube will maintain a minimum SOC of 15% during off-grid operation. Performance may be de-rated at extreme operating temperatures. Refer to the installation manual and follow the storage requirements and guidelines. Battery capacity warranty up to 10 years or 6000 cycles, (whichever occurs first). As per Limited Warranty Statement.

What are the test conditions for EP Cube?

Test conditions: 100% depth of discharge (DOD), 0.2C rate charge and discharge at 25°C, at the beginning of life. EP Cube will maintain a minimum SOC of 15% during off-grid operation. Performance may be de-rated at extreme operating temperatures. Refer to the installation manual and follow the storage requirements and guidelines.

Canadian Solar's Training Course Certified by NABCEP Canadian Solar's installation training course has recently been certified by NABCEP, marking another milestone in helping installers to upgrade their skills.
