

Finland 2k watt solar panel price

I saw this listing that caught my attention due to the fairly low price per watt. 390W @ \$79.99 each with a 30 panel minimum purchase = \$0.205/W. I did not recognize the company so a google search indicates they are from Taiwan. Google also says only .5% of solar panels are made in Taiwan I don't know anything about the manufacturer or the seller.

2kW Solar Panel System Price. The typical cost for a 2kW solar system is around \$4,000. It is important to highlight that solar panel prices have significantly decreased over the past 10 years, making renewable energy more accessible and affordable for homeowners and businesses. Source: The National Renewable Energy Laboratory (NREL)
