

Foxess energy cube cm4100 Tajikistan

What is a Fox cm4100?

The FOX CM4100 is a 4.1kW Cube Master, which is required in the installation of a Fox Energy Cube Battery Storage System. The Cube Master includes the system control module and battery module. The unit can be paired with up to six Cube Slaves, which consist of a battery module only.

How many kWh can a Fox energy Cube store?

The modular design of the Fox Energy Cube allows for maximum flexibility, making it suitable for a broad range of storage applications. Additional batteries can be installed in series, allowing for a maximum storage capacity of 28.21 kWh. Installation is easy, with a plug and play solution that can save valuable time for installers.

How many cube slaves can a Fox energy cube have?

The unit can be paired with up to six Cube Slaves, which consist of a battery module only. The modular design of the Fox Energy Cube allows for maximum flexibility, making it suitable for a broad range of storage applications. Additional batteries can be installed in series, allowing for a maximum storage capacity of 28.21 kWh.

What makes Fox a great inverter & energy storage company?

Fox is a global leader in the development of inverter and energy storage solutions. Engineered by some of the world's leading inverter and battery experts, Fox products are breaking new ground; offering customers the most advanced product features currently available, coupled with unrivalled performance and reliability.
