France almaden solar

Who is Almaden energy?

Almaden Energy is at the forefront of a solar revolution in the MENA regionwith its innovative technologies and impactful projects.

Why is Almaden a leader in solar energy in the MENA region?

This technology-forward approachhas positioned Almaden as a leader in the solar energy sector in the MENA region, paving the way for a future where renewable energy is not just an alternative but the primary source of power. Almaden Energy has been instrumental in executing a diverse range of solar energy projects across various locations.

How has Almaden changed the solar industry?

Throughout our journey, almaden has delivered numerous successful projects that have transformed the solar landscape. With an unwavering commitment to excellence and sustainability, we have made a tangible impact on the industry. Here are some of our notable completed projects: 300 MW Solar Park Port Sokhna, Suez Canal Ecozone, Egypt

What are Almaden energy's key projects?

Almaden Energy has been instrumental in executing a diverse range of solar energy projects across various locations. Here's an overview of their key projects: Guizhou: A 120MW ground system showcasing Almaden's capability in large-scale installations. Shandong: A 20MW ground system will further cement the company's presence in China's solar market.

What makes Almaden unique?

Almaden is focusing on ultra-thin glass-glass solar module development and is striving to bring the customers the most competitive products with high added value. Advanced testing and research equipments are constantly introduced to keep the company at the forefront of technology shift. Almaden will never stop being creative.

Who is Changzhou Almaden?

Changzhou Almaden Co.,Ltd. () is the world's largest producer of anti-reflective coated (ARC) glass and ultrathin physically tempered glass, we are leading the way in solar glass industry. Founded in 2006, we have 40M sqm annual capacity of ARC glass and 1500MW annual capacity of glass-glass Solar Modules.

we are leading the way in solar glass industry. Founded in 2006 and thanks to our 1600 employees, we have 40M sqm annual capacity of ARC glass and 1.5GW annual capacity of glass-glass ... Almaden Swiss Office: Route de Sainte-Croix 7, 1445 Vuiteboeuf Web:, (Headquarter in China)
