

Who will dominate the global PV module market in 2023?

A total of 18 Chinese companies were selected in the top 20 list, with a total output of more than 440GW in 2023, gradually taking over the global PV module market with their unique advantages. LONGi, the king of the PV industry, will supply 66.44GW of modules in 2023, up 42% year on year.

Which countries have the most PV installations in the world?

The majority share of global PV installations is held by Asia-Pacific and has once again increased in 2023, rising to over 60%, with a cumulative installed capacity of at least 947 GW. A closer look shows us that it is China, not Asia-Pacific as a whole, that has increased its share (see Figures 6A and 6B).

Which countries have a strong PV market?

The American market contracted to 18,6 GW under the combined influence of trade issues and grid connection backlogs, whilst Brazil installed a high 9,9 GW, nearly doubling the previous year's new capacity. India once again showed strong growth with 18,1 GW, predominantly in centralised systems, and a PV penetration of nearly 10%.

What are the top 5 solar module manufacturers in 2023?

The total module shipments of the top 5 manufacturers nearly reached 300GW in 2023. The major players maintained their leading positions throughout the list. The top four were LONGi, Jinko, Trina and JA Solar, the same order as last year.

What is a snapshot of global PV markets?

This 11th edition of the "Snapshot of Global PV Markets" aims at providing preliminary information on how the PV market developed in 2022. The 28th edition of the PVPS complete "Trends in Photovoltaic Applications" report will be published in Q4 2023.

Which solar brands have a strong market share in 2023?

The Top 4 and Top 5-9 lists remained relatively stable in 2023, with established and emerging brands holding their ground. JinkoSolar, Trina Solar, LONGi, and JA Solar collectively shipped over 270 GW, claiming a 52% market share. The Top 9 brands, in total, surpassed 400 GW in shipments, securing a robust market share exceeding 75%.

6 ???&#0183; The ranking report, which is global in scope and based on the Altmann Z-scores of publicly traded manufacturers, covers 65 suppliers this time, which is the same number as the ...

We evaluated more than 60 solar PV module manufacturers based on vendor surveys, public filings, proprietary databases, and dozens of conversations with manufacturers. The ranking utilizes a unique scoring

...

Explore the top solar panel manufacturers globally with Sinovoltaics" Ranking Report Edition #3-2024. Gain free access to comprehensive rankings of over 70 PV module manufacturers, 30 inverter manufacturers, and 40 energy storage ...

Jiangsu GoodSun New Energy Co., Ltd. is a comprehensive manufacturer of photovoltaic bracket and solar module frames, integrating technical consulting, design, processing, manufacturing, sales, installation, and maintenance. Our ...

On the first day of the conference, PVBL"s annual ranking of the Top 20 Global Photovoltaic Module Manufacturers was announced. The revenue of the top 10 module manufacturers exceeded 700 billion yuan and the ...

On the first day of the conference, PVBL"s annual ranking of the most valuable photovoltaic brands was announced. The revenue of the top 20 module manufacturers exceeded 520 billion yuan and the shipments ...
