Depuis plus de 10 ans Group Solar propose l'installation panneaux solaires, pompe à chaleur, de ballons thermodynamiques et propose également l'isolation de combles. Notre entreprise met son expérience à votre service pour utiliser ...

3 ???· Sturdee Energy is collaborating with the Frans Indongo Group to build two solar projects in Namibia. Located in Mariental and Kokerboom, these projects will each deliver 10 MW of capacity, adding up to a total of 20 MW. RMB Namibia, serving as the lead arranger, has facilitated the USD 27.98 million investment for the initiative.

Solar Century Africa Limited ("Solarcentury Africa") and SolNam Energy Pty Limited ("SolNam") are pleased to announce they have received their updated generation licence from the Electricity Control Board ("ECB") to build the SolNam 60 MWp solar project in southern Namibia, near Keetmanshoop.

In a specially converted fuel-efficient and brightly branded Suzuki van, nicknamed "Zuki," by the Namibia team, we are distributing solar lights, Zafi solar chargers and Zeri power banks across the Oshikoto region's communities. These devices provide electricity and light to charge customers' phones and replace carbon dioxide -emitting ...

4 ???· Sturdee Energy and Frans Indongo Group have finalised a USD 28 million financing deal for two solar projects in Namibia. Located in Mariental and Kokerboom, each project will ...

Strategic partnerships established in Namibia. At the GaH2S, GreenGo Energy will be signing a Memorandum of Understanding (MoU) with local developer InnoSun Energy Holdings to co-develop solar and wind projects dedicated to green hydrogen production at scale, leveraging InnoSun's existing footprint and long history in wind development in Namibia.

Orano Mining Namibia has announced it will source additional solar power for the Erongo Desalination Plant (EDP) under a ten-year power purchase agreement (PPA) with InnoSun Energy Holdings. The agreement includes the establishment of a 5 MW solar plant at the Trekkopje Site just north east of Arandis, from where power will be supplied to the ...

For those in Namibia receiving our solar lights, these benefits and positive impacts can be immediate. Over the next two years, 652,000 solar lights will be distributed across Namibia, avoiding 252,000t CO2 and benefitting 1.2 million people. On average households save \$522 by cutting out the purchase of kerosene for lamps.

HOPSOL Africa is a technology leader for on- and off-grid solar power plants, fuel save controllers as well as solar diesel hybrid systems at utility scale (e.g. mining solutions). We are specialized in building and operating solar power plants in deserts and desert-like regions.
