

Guernsey ekotek energy

Will gas be a part of Guernsey's net zero future?

Gas will continue to have a place in the energy mix as it is vital for the success of our island's energy transition - and we plan to be a big part of Guernsey's Net Zero future so we can continue to provide energy for every generation. Guernsey Energy has been providing energy for every generation for almost 200 years.

Who is Ekotek energy?

Ekotek Energy is one of the leading solar products manufacturing companies around the world. We focus on offering reliable and cost-effective solar products designed to improve the lives of people who do not have access to the electric grid.

We've been providing energy solutions to the Channel Islands for almost 200 years.

What is Guernsey's energy policy 2020-2050?

The Energy Policy 2020-2050 established that the vast majority of Guernsey's energy supplies will come from clean, low carbon sources by 2050 at the latest, local renewable generation will be encouraged and residual emissions will be offset. In order to deliver this, the six following objectives were agreed:

What is the energy strategy for Guernsey?

The Committee for the Environment & Infrastructure is developing an Electricity Strategy for Guernsey. The strategy will consider expected future energy demand levels and set out how this demand could be met, whilst also reviewing how the market structure will need to change to support this.

What is the energy transition in Guernsey?

In Guernsey, we currently rely on fossil-fuel based systems of energy production and consumption and operate a thermal power station. However, it is recognised that as part of the response to climate change, there is a need to transition to an energy mix with limited, if not zero carbon emissions. This is often referred to as the energy transition.

We've been providing energy solutions to the Channel Islands for almost 200 years. Do you want to learn how you can save on your energy costs with Guernsey Energy? visit our website and view & buy our products or services.
