Why did Zola electric join Haiti green solutions?

Energy technology company ZOLA Electric announced the partnership with local renewable energy pioneer Haiti Green Solutions for the deployment of its flagship energy technology platform to help address the energy crisis in the country, where the vast majority of its 12-million population lack access to reliable and affordable energy.

Why is Zola launching in Haiti?

The launch in Haiti is also ZOLA's first time tapping into the North American market. The economy in Haiti has a heavy reliance on fossil fuel energy which is entirely imported. But rising energy prices caused by the recent global social and economic turmoil have hit the domestic energy market hard.

How much does diesel cost in Haiti?

Today, Haiti sees some of the highest diesel costs in the world, peaking at \$15 per gallon. Public facilities such as schools and hospitals relying on power from diesel-fuelled generators can even hardly maintain regular operations.

Solar thermal devices are used in countries such as Haiti to:

- \* Solar water disinfection (SODIS) By solar light and PET plastic bottles. UV rays exposure eliminates pathogens and bacteria providing a source of clean water and reducing water diseases transmission.
- \* Solar Pasteurization. Using a solar cooker and water pasteurization indicators ...
