How much do JA Solar panels cost?

The cost of solar panels from JA Solar is quite competitive compared with other solar panel companies. Our research has found that a 585W panel, for instance, is priced at around \$90. Sharp sells a similar model for around \$40 more. However, JA Solar's product warranties only last 12 years - half that of many other manufacturers.

Is JA Solar a good brand?

JA Solar is considered a high-efficiency budget brand, so while the panels have good performance, the cost per watt is still below what most competitors charge. Temperature Coefficient (10%): The temperature coefficient of a panel tells you how much of the panel's efficiency is lost per degree over 77 degrees (F).

How efficient is JA Solar?

JA Solar has an average efficiency rating between 20% and 21%, putting it above the industry average. It also reaches max efficiency ratings of 22.5%, which puts it in the top five most efficient solar panel brands in the industry. High efficiency ratings mean greater production levels and higher savings over time.

Is JA Solar a good investment?

Generally speaking, JA Solar presents a compelling option for budget-conscious homeowners. Their cost per watt is notably lower than many competitors. Within the mid-range price segment, their panels demonstrate above-average efficiency and performance. In essence, JA Solar offers commendable value for the investment.

Are JA Solar panels good?

The reviews for JA panels are generally pretty positive, with customers specifically mentioning that the solar production was equal to or better than what they expected. This is unsurprising, seeing as JA panels have above-average efficiency ratings. Additionally, customers comment regularly on the overall quality for the money.

What wattages does JA Solar have?

Featuring the most compact panels within JA Solar's lineup, the DeepBlue 3.0 Light series offers wattages ranging from 380 to 415 watts. While JA Solar typically provides larger panels compared to other brands, this series aligns more closely with industry standards.
