

Who is heliostorage?

Finnish Cleantech company Heliostorage is receiving financing from the Nordic Green Bank to scale up its emission-free seasonal thermal energy storage solution in Europe. Heliostorage is a Finnish cleantech company that has developed an energy-optimisation system that enables energy independence for heating that is free of emissions.

What is heliostorage thermal energy storage?

Heliostorage seasonal thermal energy storage captures heat in solar thermal collectors, mainly during spring and summer, and this is either used directly as heat or transferred and stored in a patented configuration of shallow boreholes in the earth, turning the soil into a thermal battery.

How does heliostorage work?

World Leader in Efficient Seasonal Thermal Energy Storage | The Heliostorage solution captures and stores energy from the summer sun to maximize heat pump efficiency regardless of time of year, producing the required volume of thermal energy using a fraction of the electricity.

Why should you choose heliostorage?

Heliostorage provides innovative technology to optimise the efficient storage and delivery of thermal energy for low-cost heating and cooling. With a strong commitment to sustainability, Heliostorage is dedicated to helping customers navigate the challenges of rising energy costs and emissions reduction targets.

Who financed heliostorage?

Nefco, the Nordic Green Bank has financed Heliostorage to support the scale-up of its solution internationally.

Heliostorage provides a complete technology package necessary for deploying an effective seasonal thermal energy storage solution. Our package features our patented solar thermal collectors for efficient solar heat capture, paired with our smart controller to precisely manage and optimize heat flows.

Heliostorage tarjoaa innovatiivista tekniikkaa, joka optimoi lämpöenergian taloudellisen varastoinnin ja toimittamisen edullista lämmitystä ja viilennystä varten. Kestävään kehitykseen vahvasti sitoutunut Heliostorage ...

Heliostorage can help you to analyze your current usage and costs, proposing solutions that will reduce your energy bills and improve overall system efficiency, while also reducing your ...

Heliostorage toimitti juomavalmistaja Finn Springin Toholammin-tehtaalle lämmitys- ja kausivarastointijärjestelmän, joka käynnistettiin huhtikuussa 2019. Jo kuluneena ...

Heliostorage tarjoaa innovatiivista tekniikkaa, joka optimoi lämpöenergian taloudellisen varastoinnin ja toimittamisen edullista lämmitystä ja viilennystä varten. Kestävän kehitykseen vahvasti sitoutunut Heliostorage auttaa asiakkaitaan selviytymään nousevien energiakustannusten ja päästövähennystavoitteiden asettamista haasteista.

Ett unikt pilotprojekt där Heliostorage i samarbete med KS-Geoenergi har borrat 36 borrhål i berggrunden för att lagra vinterkyla i berggrunden. Skip to content. Heliostorage. ... Heliostorage Oy Sokojantie ...

Heliostorage, a pioneer in the field of energy storage, is delighted to announce the launch of their all-in-one battery system during Vaasa energy week. The system aims to transform energy management for small to medium-sized enterprises (SMEs) by providing a cost-effective way to control energy utilization.
