

Explore sustainable living with our premier solar panel installations and electric vehicles. Discover top-quality solar solutions tailored for homes and businesses, paired with eco-friendly transportation options. Join us in harnessing clean energy and reducing your carbon footprint.

A significant focus of the Energynautics report is the integration of renewable energy sources into St. Maarten's power grid. The consultancy identified solar PV installations as the most practical and viable option for the island's transition to cleaner energy.

As the world grapples with the challenges of climate change, this tropical paradise is harnessing the power of the sun to transform its energy landscape. In this blog post, we will explore the untapped potential of solar energy on the island and how it is playing a pivotal role in shaping a sustainable future.

Solar Energy Caribbean offers reliable solar power solutions across the Dutch & French Caribbean, including Sint Maarten, Saint Martin, Saint Barthélemy, Saba, and Trinidad & Tobago.

All the energy generated by the 10kW solar system with a 13.8kW (Schneider XW6848 x 2) and a Battery Bank (30kWh -Fortress LFP-15 x 2) is for self-consumption and provides the homeowners with enough energy to fully ...

St. Maarten faces significant challenges in transitioning to 100% renewable electricity due to its limited space, lower wind speeds, and frequent hurricanes. The island's small and hilly terrain makes large-scale solar and wind energy installations difficult, as many potential locations are already used for tourism and housing.

Solar energy: Lorentz solar pool & well pumps; Residential/Commercial solar systems off grid, hybrid or grid tie systems; From our base in Colebay, we have provided solar services in and around St Maarten and St Martin since 1992, whilst supplying solar parts and ...

At Solar Energy Caribbean, we specialize in providing Grid-tied and Off-Grid solar PV systems with battery storage, ensuring that homes and businesses in Sint Maarten never have to face such disruptions again.
