Therefore the loft is one of the safest places in the home to store cash. Where to store large amounts of money? The best way of keeping cash safe and out of unwanted hands is to lock it up securely.

How do you keep money safe in a Cash Box?

Obviously, if hiding money, it is a good idea to make sure that notes are secured in waterproof bags. A cash box is a traditional way of keeping cash safe and organised. Under lock and key, it is certainly more secure than if the cash was just lying there.

Is it safe to store cash at home?

It is advisable to use an AiS Approved safe, if you are storing cash. Certainly, from an insurance point of view, it is not a good idea to hold large sums of cash at home, particularly if this cash is takings from a business. In the event of theft, your insurance company would not cover you for the loss of business takings kept at home.

Should you store your money in your business premises?

If safe storage on your business premises is not possible, always aim to bank your daily takings rather than taking it home. Other things worth bearing in mind would be the purpose of holding cash at home. If you are 'saving up' for something, it is probably better to have a bank savings account rather than a jar in a cupboard.

Is the loft a safe place to store cash?

We've previously found out from BBC's Beat the burglar that the attic is the least likely place a burglar will look as they will not want to risk getting stuck and blocking their escape route. Therefore the loft is one of the safest places in the home to store cash.
