

Inspired energy smart battery Thailand

What are inspired energy batteries?

Small, lightweight smart battery with the Inspired Energy contact configuration, identical to Remote Audio's Hi-Q or Audioroot's eSmart batteries. Smart batteries are highly sophisticated lithium Ion battery packs designed for use in a variety of applications in which light weight and high energy storage are required.

What is inspired energy nh2054hd34 smart battery?

Inspired Energy's NH2054HD34 smart battery features a Battery Management Module and SMBus communication. The NH2054 is ideal for low temperature applications as the low internal impedance enables the cells to deliver good capacity and discharge current.

Are inspired energy batteries ul 62133 certified?

If you've been searching for a battery which has been certified to IEC 62133:2012 and UL/CSA 62133 standards then Inspired Energy's new QE range of Lithium-ion smart batteries could be the perfect solution.

How long do inspired energy batteries last?

3.8.3. Shelf Life The batteries are shipped from Inspired Energy with between 20% and 30% rated capacity and this provides a minimum of 6 month shelf life, when stored at 25°C. If the storage temperature exceeds 25°C over the 6-month period then the shelf life will be reduced and provisions should be made to recharge the battery periodically.

What is a smart battery charger?

Our smart chargers are designed to optimize battery performance and longevity. With advanced features like temperature monitoring and automatic shutoff, our chargers protect your batteries from damage and extend their lifespan. Don't see your industry listed above? Have A Question or Need Our Assistance? Looking for Shipping & Compliance Info?

Where are our batteries made?

Products are designed and built at our facility in Newberry, Florida USA. Superior quality meets exceptional performance in every product we create. Our batteries are rigorously tested to meet the highest standards. Our products are approved & available worldwide. Your satisfaction is our priority. Speak with a real person for expert guidance.

Inspired Energy Specializes in Custom and Standard Smart Lithium Ion Rechargeable Battery Packs and Chargers for OEMs worldwide. Designed and built in USA. Brand Update +1 (888) 546-7747 ... Creating custom-hybrids of standard batteries is a part of Inspired Energy's established expertise. Qty 1-11, \$183.08 USD ea. To place an order or for ...

The battery shall be capable of continuous charge at 16.8V, as shown in the graph below. A dedicated level II or level III smart battery charger is required to charge the battery. Using this type of charger, the battery will request appropriate charging Voltage and Current from the smart battery charger.

NB2037QE34 Smart Lithium-Ion Battery:. The NB2037QE34 is a high-performance 7.2V smart lithium-ion battery that delivers exceptional power and reliability. Designed for use in compact and handheld devices, this battery is IEC, UL, CSA 62133-2, BIS, KC & PSE approved to meet the highest industry standards for safety and performance. Inspired Energy's 2037 rechargeable ...

Secondary Smart Lithium-Ion Battery Packs: ... Company Name: Inspired Energy, LLC . Address: 25440 NW 8th Place; Newberry, FL 32669 . Telephone Number: +1-352-472-4855 battery cells present no physical danger of ignition or explosion and chemical danger of hazardous materials leakage.
