

Japan gets very cold in the winter, but the Japanese have come up with a great solution: the kotatsu. A kotatsu is a low table fringed with a thick quilt, with a heater underneath the top. The idea is that you sit cross-legged with the quilt over your knees to warm up your toes - but kotatsu are also great for napping underneath!

Der Winter ist die Jahreszeit, in der Speicher am anfälligsten sind. Niedrige Temperaturen können dazu führen, dass die Batterie nicht richtig funktioniert. Lesen Sie diesen Artikel, um zu verstehen, warum das passiert, und erfahren Sie mehr über unsere beste Lösung - Zendure Hyper 2000.

Wenn der Speicher am Abend bis 5% entladen ist und mehrere Tage nicht genug Sonne scheint (viele Wolken oder gar Schnee) besteht die Gefahr, dass der SoC falsch berechnet ist und sich die Batt wegen Tiefentladung abschaltet. Die Chance im Winter einen Ladehub von 5% auf 100% zu schaffen ist doch viel kleiner als im Sommer.

With the country's natural resources and spectacular sceneries, Japan is definitely a winter wonderland! Here are some of the places to visit if you wish to see gorgeous and amazing winter spectacles while you are in the Land of the Rising Sun.

The beauty of Japan under the snow. Snow-covered, the landscapes of Japan become enchanting! Among the places not to be missed under the snow: the Zen gardens of Kyoto, the Kinkaku-ji temple whose golden color stands out particularly under a white coat, the Jigokudani with its monkeys bathing in the outdoor onsen and its valley of the hell or the village of Biei.

As December comes to an end, the Japanese take a well-deserved holiday, returning to their hometowns and reuniting with their extended families to see in the New Year. On the first day of the year, many locals head to a temple or shrine to pray for good fortune and success in the coming year. Known as hatsumode, this ritual practice is a great way to celebrate the holiday, ...
