

Jascon energy North Macedonia

Who is Jascon energy?

A Friendly Team with an Eco-Friendly attitude, we cater to all our client needs. Jascon Energy is a fast moving 'Solar Energy and energy storage Solutions' company with a focus on Product Quality combined with a dedicated after sales service to provide a sustainable, innovative and cost-effective solution to India's ever increasing eco energy need.

Why is Jascon energy a socially responsible company?

The perpetual price hike in fuel- Petrol and Diesel - has led us to conceive the utmost solution to counter the present fuel crisis, thereby allowing us to emerge as a socially responsible business, christened 'Jascon Energy'. A Friendly Team with an Eco-Friendly attitude, we cater to all our client needs.

Did North Macedonia change its energy regulations?

There were no major energy legislative changes, but North Macedonia continued to harmonize its energy regulations with the EU Energy Community's Third Energy Package (TEP). North Macedonia's state-owned power company was unbundled and partially privatized in the early 2000s.

What type of electricity does North Macedonia use?

North Macedonia relies predominantly on fossil fuels (low-grade lignite and gas) and hydropower, and is dependent on electricity imports. The total generation of electricity in 2022 was 5,634 GWh, and another 1,471 GWh was imported to satisfy the total domestic electricity demand.

Does Macedonia have a wind farm?

North Macedonia has a 36.8 MW wind farm at Bogdanci and has received EU and KfW financing to expand it. It was the first country in the Western Balkan region to put into operation a sizeable wind facility. Its second wind farm, the 36-MW Bogoslovec, only started operating in mid-2023.

Will Macedonia re-open a dormant oil pipeline?

The pipeline and refinery have only been used for storage since 2013. The governments of North Macedonia and Greece are discussing re-opening the dormant oil pipeline.
