

Jersey agr power limited

AGR was founded in 2011 to address the early FiT solar and medium-scale wind markets in the UK, with a commitment to renewable energy projects that tackle the global issues of energy security and climate change. Over the last decade, we have grown steadily and built up a team of experts with a track record of delivering sophisticated projects ...

At AGR we specialise in innovative development and delivery of large-scale renewable energy and sustainable agricultural projects that provide essential clean, sustainable energy and food security for communities, institutions, and blue-chip industries.

AGR Power Limited is an active company incorporated on 4 October 2012 with the registered office located in London, Greater London. AGR Power Limited has been running for 11 years. There are currently 2 active directors according to the latest confirmation statement submitted on 4th October 2023.

AGR Power is a leading London-based renewable energy and sustainable infrastructure developer. Since its inception in 2011, the company has delivered over 55 projects across solar, wind, energy storage, and sustainable agriculture assets, deploying over £850m of capital and connecting over 1.1GW of renewable energy to the UK markets.

Railpen, one of the largest pension managers in the UK and responsible for managing £34 billion of assets on behalf of over 350,000 members, has acquired a 50% shareholding in AGR Power (AGR), a leading London-based renewable energy and sustainable infrastructure developer.

AGR has delivered more than 55 projects totalling over 1.1GW of renewable power to support the UK's energy transition and food security. Railpen's investment in AGR will help to fund the business in constructing a portfolio of assets and achieving its target of putting over 500MW of renewable assets in operation by 2029.
