

What is the Lebanon Green Investment Facility (lgif)?

As part of efforts to accelerate investments, in 2023, Lebanon is launching the Lebanon Green Investment Facility (LGIF), with support from UNDP. The LGIF will have a technical assistance unit and an investment fund.

Does Lebanon have a green future?

Despite the progress being made, Lebanon's path to a green future is not ensured. There is still a risk that the country's development agenda will not veer towards climate action and green growth.

How can Lebanon become a green and inclusive society?

Lebanon's journey to a green, inclusive, and resilient society relies on adequate and predictable climate finance and investments and the enhanced capacity and strengthened governance of Lebanese institutions.

How can Lebanon rehabilitate degraded lands?

An initiative led by UNDP and funded by the GEF is piloting solutions to rehabilitate degraded lands in mountainous areas by restoring forests and strengthening legal frameworks and financing mechanisms for land management. Lebanon has also been seeking to improve the gender-responsiveness of its climate policies and climate action.
