DAGUA - In Papua New Guinea, in traditional societies, mountains animate a sense of awe and malevolence. And they are also recognised as a source of life, spirituality and identity. Where gods and goddesses reside in mountains in ancient Greek mythologies, ancestral spirits and masalai reside in mountains in PNG mythologies. In PNG, creation ...

Papua is derived from a local term of uncertain origin. [27] Regarding the islands of New Guinea, the Portuguese captain and geographer Ant#243nio Galv#227;o wrote that: . The people of all these islands are blacke, and have their haire frised, whom the people of Maluco do call Papuas. [28]"New Guinea" (Nueva Guinea) was the name coined by the Spanish explorer Y#241;go Ortiz ...

New Guinea (PNG) is one of the most tectonically complex regions in the world, involving microblocks rotating rapidly about nearby poles. The general tectonic framework of this region (Fig. 1 ...

Located in the southwestern Pacific, occupying the eastern half of New Guinea and its offshore islands, Papua New Guinea is a nation of vast cultural and biological diversity. It's one of the most linguistically variegated countries in the world, with 850 known languages spoken across its 400,000 square kilometers. With such a mix of life

The Papua New Guinea Tourism Promotion Authority (PNGTPA) is a statutory body wholly funded by the Government of Papua New Guinea and established under the Papua New Guinea Tourism Promotion Act 1993. The ultimate goal of the PNGTPA is to market and promote Papua New Guinea to the world as a desirable travel destination.

Papua New Guinea is home to an impressive array of bird species and is considered one of the most biodiverse countries in the world. With over 700 species of birds identified, the country is an ornithologist's paradise. From colorful parrots to rare and endemic species, the birds of Papua New Guinea provide a unique experience... Read More »51 ...

Papua New Guinea's variety of habitats and climates coupled with a lack of predatory animals favour our thriving bird population. Touted widely as a birdwatcher's paradise, you'll get up close with our famous endemic species such as the Raggiana and blue bird-of-paradise and rare finds including the fire-maned bowerbird.
