

What is an IP65 rated enclosure?

IP65 rated enclosures provide indoor and outdoor protection for waterproof applications. Tested to IP65 standards ensures enclosures and cases are safe for housing sensitive electronic assemblies in harsh environments. IP65 rated boxes are available in plastic, aluminum and steel varieties.

What are the different types of IP65 rated boxes?

IP65 rated boxes are available in plastic, aluminum and steel varieties. With a wide range of sizes and styles to choose from it's easy to find the perfect IP65 junction box or enclosure solution. IP65 enclosures are extremely versatile due to their ability to withstand dirt, dust, debris and low-pressure water jets.

Are KDM electrical enclosures IP65 rated?

Specifically, KDM IP65 electrical enclosures guarantee protection against water jets. Plus, our IP65 enclosures are fully dust-tight. KDM offers IP65 rated boxes and enclosures made with stainless steel, mild steel, aluminum. You can choose from a wide range of designs, sizes, and dimensions to pick the right IP65 enclosure for your application.

What materials are used for IP65 enclosures?

The materials used for IP65 enclosures aren't different from materials used for other types of enclosures. They can be made from carbon steel, galvanized steel, and stainless steel- usually of the grades 304, 316, or 316L. Carbon steel is usually duller than stainless steel. It is also magnetic and more malleable since it only has iron and carbon.

What is a polycase IP65 rating?

Polycase IP Ratings are based on the NEMA 250 to IEC 60529 conversion table published by NEMA.org. Learn more about what an IP65 rating means and what you can expect from our IP65 electrical enclosures below. What Does an IP65 Rating Mean?

Why should you choose an IP65 circuit breaker enclosure?

This enclosure is mostly placed outside, so you could guarantee it won't be easily damaged. This type of enclosure also offers enough protection to the people from accessing the component as it poses a lot of danger to them. In addition, IP65 prevents any water from getting in and damaging the circuit breakers.

The waterproof electrical enclosure is a junction box with protect level of IP65 rating. Materials can select ABS plastic or ABS box body + PC transparent cover. Appearance of the junction box is divided into two types with and without ears.
