Der er flere modne spillere i Århus og omegn. I Nitor Energy har vores essentielle fokus været optimering af infrastrukturen på den korte del af det fysiske marked for naturgas på tværs af landegrænsen i Europa. Det har vi udvidet til også at omfatte strøm, som er vores mellemlange fokuspunkt," siger Simon Birch Hansen

With our holistic view of energy prices across time and location, Nitor was able to dampen price fluctuations and move gas to where it was most needed. Trading 24/7, Nitor provided liquidity continuously throughout the year, and as physical traders, Nitor took the delivery risk from suppliers in the West and moved gas across the continent

Firewood remains the main energy source in rural areas, and approximately 0.36% of the forest in Mozambique is lost every year. The replacement of firewood and charcoal by other renewable sources ...
