

Are the Pitcairn Islands Remote?

History meets adventure on one of the world's most isolated and remotest destinations - the Pitcairn Islands. And when we say remote, we mean it: no airport, a population of just 50 residents, and home to the world's smallest capital.

Are there Adventist churches in Pitcairn?

Archived from the original on 19 October 2015. Although the Adventist Church has always maintained a resident minister and nurse on Pitcairn, there have been fewer adherents and some church members have moved away from the island. By the end of 2000, regular church attendees among the island population of 40 numbered only eight.

Where are the inhabited islands near the Pitcairn Islands?

Henderson Island accounts for 86% of the land area, but only Pitcairn Island is inhabited. The inhabited islands nearest to the Pitcairn Islands are Mangareva (of French Polynesia), 688 km to the west, [note 2] as well as Easter Island, 1,929 km to the east.

Why are the Pitcairn Islands isolated?

Isolation: the geographic isolation of the Pitcairn Islands, which are located more than 100 km away from each other and more than 4,000 km from any continent, limits the chances of healthy coral larvae reaching the islands from elsewhere.

Is there a church on Pitcairn Island?

Although the Adventist Church has always maintained a resident minister and nurse on Pitcairn, there have been fewer adherents and some church members have moved away from the island. By the end of 2000, regular church attendees among the island population of 40 numbered only eight. ^a b "Education on Pitcairn Island". Pacific Union College.
