

Nepal exergy energy llc

Who is exergy energy?

Get the information you need from the experts. Exergy Energy provides green and resilient energy as a service. We can make your organization Green, Resilient and save money on your current electricity spend. Our unique software platform and business model allows smaller firms and organizations become 100% green without complications or compromise.

What is the Cummins - exergy energy partnership?

The Cummins - Exergy Energy partnership allows for the installation of Cummins power system solutions such as generator sets, energy storage systems, and switching equipment at the customer location to power the entire operation during grid outages or times of peak usage with no upfront CAPEX investment by the customer.

How does exergy energy earn ancillary revenues?

Exergy Energy earns substantial ancillary revenues by participating in grid-sponsored programs, such as demand response and synchronous reserves. Exergy shares a portion of the cash flows generated from these programs with its customers, thereby defraying part (or in some cases, all) of the costs associated with the program.
