

Melitech Energy offering renewable energy solutions such as solar panels, charge controllers, inverters and accessories for off grid applications like boats, caravans, billboards as well as for remote areas with power requirements for lighting, farming, monitoring or telecommunications purposes. [Read More](#)

Petroleum is the second largest energy fuel in Nepal after firewood and accounts for 11% of primary energy consumption in the country. [2] All petroleum products are imported from India.. At the moment, the import of petroleum products is transacted exclusively between the Nepal Oil Corporation and the Indian Oil Corporation. [6] 75% of the imports are diesel, kerosene and ...

This solar kit is the smallest in our Premium range, 12V systems, and comes complete with all you need to build a system in no time at a great value for money. 240W solar panels, 20A MPPT controller, and Flat ABS brackets. The ...

This Nepal Energy Outlook 2022 is developed with joint effort from Kathmandu University, Institute of Engineering, Nepal Energy Foundation, and Niti Foundation. The document summarizes the current national energy scenario, policy provisions extended by Government of Nepal, issues & gaps, and the potential recommendations to mitigate the gap.

Government of Nepal started hydrological and meteorological activities in an organized way in 1962. The activities were initiated as a section under the Department of Electricity. The section was subsequently transferred to the Department of Irrigation and was ultimately upgraded to Department status in 1988.

Orbit Energy Ltd., founded under the Company Act of 2066 as a private company, stands as a dynamic force within Nepal's hydropower sector. Recently, it has been transformed into a public limited company, marking a significant milestone in our journey.

The Ministry of Energy, Water Resources and Irrigation has an Energy Development Roadmap and Action Plan with the target of producing 28,500MW by 2035 by when more than half of it will be exported. ... Nepal is also diversifying away from its sole reliance on hydroelectricity, which at present supplies 92% of the power in the grid. ...

Sanvi Energy Ltd. (SEL) was established in 2011 A.D. with a vision to promote hydropower generation in Nepal through private sectors investment. SEL has been currently working for Jogmai Khola Small Hydroelectric Project 7.6 MW (JKSHEP) and Jogmai Cascade Hydroelectric Project (5.2 MW)) which is located in Suryodaya Municipality ward no-10 and Maijogmai Rural ...
