Which PV inverter companies shipments are forecasted in 2021?

HEFEI, China, June 24, 2022 /PRNewswire/ -- International authoritative research institution IHS Markit (now a part of S&P Global) announced the top 10 global PV inverter companies in terms of estimated shipments in 2021. Sungrow, with 47.1 GWac inverter shipments, becomes the No.1 PV inverter supplier globally.

How pvbl ranked the top 20 global photovoltaic inverter brands in 2023?

On the first day of the conference, PVBL's annual ranking of the Top 20 Global Photovoltaic Inverter Brands was announced. Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume.

Which solar inverter supplier is the third-largest?

A inverter assembly line from Ginlong Solis, which was the third-largest inverter supplier last year. Image: Ginlong Solis. The world's top 10 solar inverter providers accounted for 86% market share in 2022, a year where the market saw a 48% increase in size year-on-year (YoY).

Which inverter companies have the best performance in 2023?

Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume. Sungrow and Huawei tied for first place in the list with outstanding performance. Sungrow achieved revenue of 27.65 billion yuan in 2023, up 61% year on year, and net profit of 9.4 billion yuan, with shipments of 130 GW.

What is the world's most bankable inverter brand?

Sungrow Power Supply Co., Ltd. ("Sungrow") is the world's most bankable inverter brand with over 224 GW installed worldwide as of December 2021.

Why did 333GWac of inverter shipments last year?

According to research group Wood Mackenzie (WoodMac), last year saw 333GWac of inverter shipments globally, driven by increased demand in Europe, the US and Asia-Pacific and easing supply chain challenges over the course of the year. PV Tech has been running PV ModuleTech Conferences since 2017.

PVTIME - International authoritative research institution IHS Markit (now a part of S&P Global) announced the top 10 global PV inverter companies in terms of estimated shipments in 2021. Sungrow, with 47.1 GWac ...

Sungrow, the global leading PV inverter and energy storage system provider, secured the top spot in the 2023 global PV inverter shipment rankings, according to S&P Global Commodity Insights, reaffirming its position ...
