

Will Norway be a reliable energy supplier to Europe?

Prime Minister of Norway Jonas Gahr Støre addresses the 77th Session of the United Nations General Assembly at U.N. Headquarters in New York City, U.S., September 22, 2022. REUTERS/Mike Segar
OSLO, Nov 16 (Reuters) - Norway will be a reliable supplier of energy to Europe in the coming months, Prime Minister Jonas Gahr Støre said on Wednesday.

Will a partnership with Norway make the UK more energy secure?

“Our partnership with Norway will make the UK more energy secure, ensuring we are never again exposed to international energy price spikes and the whims of dictators like Putin.” The announcement comes days after Labour signed the first carbon capture usage and storage (CCUS) contracts in the UK.
