

Photovoltaic bracket manufacturer introduction picture

What is a solar photovoltaic company?

The company is mainly engaged in solar photovoltaic system. Focusing on solar photovoltaic mounting research and development, design, production, sales, installation and testing and other one-stop services.

Can versol mount a photovoltaic power station?

Versol's V-Basic mounting system can be applied to photovoltaic power station in different terrain and environment. The product range includes a wide range of models and styles, and is highly adaptable.

How many production bases does solar power company have?

The company operates three major production bases, encompassing nearly 50,000 square meters of production area. Its main business includes various photovoltaic fixed ground mounting structure, distributed mounting structure, tracking photovoltaic mounting structure, building mounting structure, and distributed power station development, etc.

What is the largest single unit PV project in the Philippines?

Signed the largest single unit PV project of 60MW in the Philippines. Japan's first tracker project is officially combined to the grid. Obtained title of Zhejiang Photovoltaic power generation system enterprise research institute. Signed domestic and foreign tracker projects orders over 500MW.

Customized Galvanized Steel Photovoltaic Bracket Solar Brackets. Short Description: Place of Origin: China. Brand Name: Tianxiang. Model Number: Photovoltaic Support Frame. Wind Load: Up to 60m/s. ... Product Introduction. ...

Brackets, flat roof brackets, floor all-aluminum brackets, aluminum alloy column brackets and other products. Bracket products cover the fields of civil, commercial and large-scale ...

Against the backdrop of rapid development in the solar energy industry, ground brackets, as an important component of solar systems, play a crucial role. This article will introduce the types ...

Xiamen Jiafang Industry and Trade Co., Ltd. Was founded in 2004, mainly engaged in the design, manufacture and processing of metal products. We provide parts processing and ...

Stability and simplicity, no matter the size of your solar PV array. Our innovative solar module racking structures are designed to install quickly and provide secure mounting for modules from nearly all manufacturers. With pole, roof, and ...
