

BERLIN, GERMANY - March 28, 2023 - AlsoEnergy, a Stem (NYSE: STEM) company and a leading edge-to-cloud clean energy optimization solutions provider, announced today that its Power Plant Controller (PPC) is now certified by the Polish Power Transmission and Distribution Association (PTPiREE).

PROTASIS®; PPC, short for Power Plant Controller, is a fully adaptable, adjustable and modular solution designed to control RES generation units. Regardless of the scale of the generation plant, ranging from 100 kW to over 100 MW, PPC is a state-of-the art solution, ensuring compliance with the requirements of each country's connection code.

Gantner's power plant controller Q.reader has been granted equipment certificates stating compliance to the Polish grid regulation for plant sizes of types B, C and D (plants of sizes from 1 MW to 75 MW and larger) by ...

PPC provides you with unparalleled renewable and storage power management. It empowers you with new levels of reliability, scalability, flexibility, simplicity, and modularity. Key Features. Ensure grid codes compliance; Rely on seamless integration and compatibility; Gain advanced power control functions; Achieve excellent performance

Gantner's power plant controller Q.reader has been granted equipment certificates stating compliance to the Polish grid regulation for plant sizes of types B, C and D (plants of sizes from 1 MW to 75 MW and larger) by the Polish Power Transmission and Distribution Association PTPiREE.

Power Plant Controller (PPC) Ancillary Services and Large-Scale Plants are improved with new control options to obtain the best of each plant source. PMS are the best answer to the new challenges in hybridization and renewable power control. With quick dynamic response, featured to provide advanced active

The power plant controller (PPC) supports both national and international grid codes, thus enabling grid-compliant feed-in from PV systems at medium-voltage and high-voltage levels worldwide. The high-performance blue"Log X-Series offers for this purpose a wide range of features for active and reactive power control, which guarantees grid ...
