Alpiq is an internationally active energy group headquartered in Lausanne, Switzerland. The company was established in 2009 after the merger of Atel Holding AG (Aare-Tessin AG f&#252;r Elektrizit&#228;t) and EOS S.A. (Energie Ouest Suisse). The energy group employs around 1221 people, is active in most European countries and is considered too big to fail in Switzerland.

Alpiq proudly generates approximately 80% of its energy from CO<sub>2</sub>-neutral sources, including hydro, nuclear, wind and solar. Alpiq navigates the trilemma between investing in sustainable practices and ensuring a secure energy supply without compromising profitability.

Suma Capital, a leading independent multi-asset manager specialized in sustainability funds, and Alpiq, a Swiss electricity producer and international energy trader, laid the first stone last Tuesday for the "Quijote"

project, which involves the construction of two photovoltaic parks, Entrecaminos and Haza de las Tobas, in the province of Toledo.
