

Power backup for office Niue

The power outages experienced overnight was due to the backup generator failing at around 9pm last night and the 10.30pm load demand was far too high for one generator to provide power to Niue. That's according to the Manager for Niue Power Corp Hui Paola who has apologized for the unplanned power shutdown.

When power is interrupted, or fluctuates outside safe levels, a UPS will instantly provide clean battery backup power and surge protection for plugged-in, sensitive equipment. APC, a flagship brand of Schneider Electric, offers UPS options for Computers & Peripherals, Networks & Servers, as well as Data Centers & Facilities.

A momentary surge or brief power loss can damage your gear and wipe out invaluable data. Safeguard against damage, downtime, and data loss with this UPS. It conditions AC power, offers ample battery backup for most outages, and gracefully shuts down computers, saving open files, during prolonged blackouts.

Similarly, Niue's largest solar array (near the hospital) requires some inverters to be replaced. These are on-island, and replacement work will be carried out in the next few weeks. At this point, we will be able to bring a sizeable portion of solar back on the grid and reduce ...
