

Power secure inc Nigeria

What can PowerSecure do for You?

As a diverse power generation company, PowerSecure's distributed energy infrastructure solutions include distributed energy innovation, solar energy, fuel cells, energy storage, and microgrid solutions.

Who is PowerSecure?

PowerSecure is a pioneering microgrid company when it comes to developing distributed power systems and integrating them into a sophisticated system which can: PowerSecure's experts can streamline the most complex projects. We deliver fixed-price, end-to-end development, construction, and implementation for the lifecycle of your project.

What is Secure Power Ltd?

Secure Power Ltd is a company with over a decade of industry experience, specializing in providing first class service for Schneider Electric's three-phase backup power solutions. This includes support with proposal and planning, project management, specification, supply, installation, commissioning and maintenance.

Can PowerSecure be your safety net in a storm?

Count on us to be your safety net in any storm. PowerSecure, a Southern Company subsidiary, is the nation's leading distributed energy infrastructure company. Our team of experts has developed, installed, managed and serviced 2+GW of microgrid capacity over the past 20 years, as well as implemented over \$900 million of energy efficiency upgrades.

What does PowerSecure do during a storm?

The PowerSecure Service team is actively coordinating with customers and preparing technicians for rapid deployment to assist as needed in the wake of the storm. We're committed to ensuring reliable power. Stay safe and stay prepared! #StormPreparedness #HurricaneHelene #PowerSecure #ReliableEnergy PowerSecure, Inc. | 13,452 followers on LinkedIn.

Is PowerSecure ready for a storm?

At PowerSecure, our PowerControl Monitoring team is actively prepared to assist with outages, while PowerSecure Service teams are making final checks to ensure mobile units are ready and available as the storm progresses. Stay safe and take all necessary precautions during this time!

That bond is stronger today, as PowerSecure is a subsidiary of Southern Company, an energy firm with 9 million customers. "We have a lot of experience building microgrids and we believe we are the leader in the industry, but PowerSecure is not well-known," said Eric Dupont, executive vice president and chief commercial officer, PowerSecure.
