

Price of solar panels installed on buildings

How much do solar panels cost?

But the average solar panel system of 3.5kWp will cost around £7,000 to install, according to estimates from the Energy Saving Trust. The exact cost will vary, depending on the size of your home and how much electricity you want to produce. See how much you can expect to pay. Find out: are solar panels worth it?

How much does solar installation cost?

This includes the range of skills needed from general labourers at £25 to £35 per hour, electricians at £50 to £70 per hour, and specialist solar installers at £35 to £55 per hour. Initial system design and consultation can add anywhere from £300 to £600 to the project's cost.

How much does a solar system cost in the UK?

In the UK, the typical solar panel system sees a labour cost between £300 and £500 per person per day for a skilled two-person crew. While labour may account for 10-30% of your total solar system cost, these figures are not set in stone--alternative pricing options like 20 pence per watt provide flexibility.

How much does a solar battery cost?

A battery means you can store excess energy produced by your solar system, which you can then use at night, or to sell back to the grid. Solar batteries can cost anywhere between £1,000 and £4,000, depending on the size you require. Prices correct as of October 2024. The size and complexity of an installation will dictate the labour costs.

Why do solar panels cost so much?

Solar panel quality significantly impacts their cost. Higher-quality panels, made with superior materials and advanced technology, offer greater efficiency, longer lifespans, and better warranties. This higher upfront cost is justified by increased energy production and durability, leading to greater long-term savings and reliability.

How much does solar panel maintenance cost?

The maintenance of solar panels would cost around £21.24 to £24.99 per month, depending on the service, repair, and health checks your solar panel system needs. Solar panel systems are low-maintenance; you just need to do routine checks and regular light cleaning.
